Who is fifth?

\_\_\_\_\_ is fifth.

Who is seventh?

**Directions:**

Line up 10 students in front of the class. Practice ordinals with the class by touching each student on top of the head or shoulder. Begin game by giving the first student the card that reads "I am first." (Other 9 cards would have been given to students sitting in the class randomly prior to beginning game.) After first student reads their card, then the student with the card that says "\_\_\_\_ is third." will get up, read the first line of the card putting the child's name that is third in the blank and give the card to the third person. The third person will read the next line on the card and the game will continue until all cards have been played.

\_\_\_\_\_ is seventh.
